

Government Sanskrit College Tripunithura

Students Satisfaction Survey 2020-2021

Government Sanskrit College Tripunithura conducted online Students Satisfaction Survey for the academic year 2020-21. The questionnaire was prepared according to the NAAC guidelines. Students participated in the survey and submitted their feedback. IQAC collected those feedbacks communicated to its email and analyzed it. The main advantages students have pointed out were

1. Students are satisfied with the method of teaching Sanskrit and other subjects.
2. They are of the opinion that effective communication was there in using online platforms.
3. Study materials supplemented by teachers through online were effective to acquire the learning objectives as described in the syllabus.
4. The Jeevani platform for students wellbeing established by the govt. of Kerala has provided a supporting system to the learners to survive the difficult times during the pandemic period.
5. The internal assessment system existing in the college is supportive and helpful.

Students suggested certain improvements in the following areas.

1. Students suggested for a permanent LMS platform for online classes.
2. Learners suggested adequate usage of e resources for communicative classes.

The report shows that students are satisfied with the existing facilities of the college. Their suggestions will be discussed and used for possible improvements for the coming years.
