Student Satisfaction Survey Report -2018-19

Student Satisfaction Survey (SSS) is one of the mandatory criteria set by National Assessment and Accreditation Council (NAAC). It is also a pre-qualifier for Assessment and Accreditation of the Institution. From 2017 onwards the NAAC has endeavoured to conduct a Student Experience Survey, the results of which will go into the accreditation process. The Survey includes 20 competency based questions, responses to which are given anonymously by students of the institution. This survey corresponds to an institute level feedback on infrastructure and learning experience.

We implemented SSS during the month of June 2019 using the questionnaire of NAAC. The observations/ outcome of SSS are as follows:

1. Students appreciated teaching and implementation of existing curriculum which includes continuous evaluation and assessment of students throughout the semester.
2. They have also acknowledged different activities initiated by the college to improve the level of learning.
3. Students have expressed satisfaction over the quantum of syllabus covered in their classes.
4. Teacher's preparation, communication, use of appropriate teaching pedagogy and fairness of internal evaluation has been rated high in the survey.

The SSS has also pointed out few areas where the college/ teachers' departments do have scope for enhancement in quality of education. They are as follows:

1. Institute needs to promote internship, student exchange and field visit opportunities.
2. Formulate mechanism which will identify strength and weakness of students and provide them right level of challenges and help them to overcome their weakness.
3. Enhance use of ICT in teaching and more smart class rooms.
4. Teachers should encourage research culture amongst students.
5. More emphasis on skill development and hands on assignments, inclusion of seminars, workshops and field visits for typically one subject.
6. Active mentorship especially for career guidance.
7. Inclusion of Yoga in curriculum.
8. Introduction of short-term courses in Ayurveda and other subjects.
9. Enhancement in the library facilities and more research journals in library.
